robustdetails® Certification Scheme - Purchase Statement

We have certified the Robust Details below using:

- initial type-testing and examination against our type-approval assessment criteria
- inspection of samples from the open market against the relevant Robust Details specification(s)
- testing of samples from the open market against the performance standards set out in Approved Document E for satisfying Requirement E1 in Schedule 1 of the Building Regulations.

This enables customers to use the Robust Details stated below in new, attached homes as an alternative to pre-completion sound testing for satisfying Requirement E1 in Schedule 1 of the Building Regulations (England and Wales) when built in accordance with the relevant requirements of the Part E robustdetails® Handbook current on the date of this certificate in new, attached homes.
